

UrbanCart

Return & Refund Policy · Effective 1 September 2026 · UrbanCart (Pvt) Ltd, Pakistan

1. Return windows

Return windows are counted from the date the customer receives the order. The item must be unused, in its original condition, and returned with all original packaging, accessories and free gifts.

Product category	Return window	Condition required
Electronics	7 days	Original sealed packaging, all accessories included
Accessories	14 days	Unused, original packaging
Home	7 days	Unused, original packaging
Lifestyle	7 days	Unused, hygiene seal intact where applicable

2. Damaged or defective on arrival

If an item arrives damaged, defective, or is the wrong product, UrbanCart provides a **free replacement** at no shipping cost to the customer. The customer must report the issue within **48 hours** of delivery and share a photo of the damaged item and packaging. Damaged-on-arrival cases are never charged a return fee.

3. Items that cannot be returned

- Products marked as non-returnable or clearance/final-sale items.
- Items with a broken hygiene seal (personal-care and certain lifestyle products).
- Products damaged by customer misuse, or missing original packaging and accessories.
- Software, digital codes, and gift cards once delivered.

4. Refund method & timeline

Once a returned item is received and inspected (inspection takes up to 2 business days), refunds are issued as follows:

- Prepaid card / bank orders: refunded to the original payment method within **5–7 business days** after inspection.
- Cash-on-Delivery orders: refunded via bank transfer to the customer's provided account within **7–10 business days**, or as UrbanCart store credit within 2 business days if the customer prefers.
- Original shipping charges are non-refundable except for damaged, defective or wrong-item cases.

5. How to start a return

Customers can start a return by contacting UrbanCart support (chat, WhatsApp, or phone) with their order code (for example, UC-10452). Support will confirm eligibility against this policy and arrange pickup or drop-off. If eligibility is unclear or the case falls outside this policy, it is escalated to a human support agent rather than refused automatically.
